Finish Thompson declares under our sole responsibility that the product listed below conforms to the relevant provisions of EU directive **2014/34/EU of 26 February 2014** for equipment and protective systems intended for use in potentially explosive atmospheres, and is certified for safe use in **Atmosphere Group IIB/IIIC category 2 areas**.

This declaration applies to Finish Thompson, Inc. **ATEX UC Series** pumps with the brass bump ring designated by the letter "B" after the motor adapter in the model number. Pumps and their model number may also contain many different combinations of magnet sets, flange port connections, coupling type, bushings, shafts, o-rings, impellers, motor adapters and other options.

Models: UC1516"B", UC1516L"B", UC1518"B", UC1518L"B", UC326"B", UC326H"B", UC2110"B", UC2110L"B", UC3158"B", UC328"B", UC436"B", UC438"B", UC4310H"B" & UC6410"B".

This product has used the following harmonized standards to verify conformance:

Non-electrical equipment for potentially explosive atmospheres: **EN ISO 80079-36:2016**
Basic Methods and Requirements.

Non-electrical equipment intended for use in potentially explosive atmospheres: **EN ISO 80079-37:2016**
Protection by construction safety "ch." and control of ignition source "bh"

This product must not be used in areas other than specified above. If in doubt consult an authorized distributor, or refer to the manufacturer Finish Thompson.
